Footnotes:

* — estimated; N/A — not available

1. All commercial locations using the Belle Tire, Belleroc, and Tredroc names rebranded under the Tredroc Tire Services name at the end of 2016. Tredroc Tire Services LLC is a joint venture company owned by Belle Tire Distributors Inc. and Tredroc Tire Services Inc.

Here's how the points are calculated:

Each April, *Modern Tire Dealer* ranks the "Top 100 Retreaders in the U.S." based on the average amount of tread rubber

used to retread different types of tires. Twelve pounds of rubber, on average, are used to produce one light truck tire retread, while 24 pounds are used to produce one medium/heavy truck tire retread. An average of 324 pounds are used to build one OTR tire retread. *MTD* awards one point for every seven pounds of rubber used per retread. Each light truck tire retread equals 1.7 points, each truck tire retread equals 3.5 points, and each OTR retread equals 46 points. The point total does not include industrial tires. Numbers are rounded to the nearest point.
